“NAAC Sponsored State Level One Day Workshop”

Assessment and Accreditation with the revised framework effective from July 2017 making it more robust and technology enabled. The NAAC accreditation process is a major milestone for every college providing quality higher education. The recent amendments in the NAAC accreditation process not only empower higher educational institutions for enhancing the quality but also focus on all round development and wellbeing of the learner. The current changes in the NAAC accreditation process have necessitated the institutions to undertake several initiatives to improve quality. It has become imperative for the institution to blend technology with quality in order to achieve the goals of the accreditation process. Implementing the newly prescribed revised accreditation framework, computer-assisted assessment systems can greatly aid in demonstrating compliance, increasing collaboration among teaching faculty, and improving the educational experience for teachers and students. In this regards the IQAC cluster India has taken enormous efforts in empowering the IQAC members across the country to face the “NAAC accreditation process.
