A brief report on

STUDENT INDUCTION PROGRAMME (SIP-2021)

Held on 09th October, 2021

Organized by Department of Computer Science

</div>

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. Student Induction Programme is designed to help in the whole process. This program aims to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution.

With this thought department of Computer Science organized one day online Student Induction Programme (SIP – 2021) for the new entrants in B. Sc. First year students on 09th October, 2021. During the program, students were provided information regarding Job Scenario and the required skills set. This program was conducted online mode through the Zoom platform. This program for newly admitted students was conducted in line with the UGC Induction program policy.

Mr. V. V. Agarkar, Head Department of Computer Science welcomed the new entrants. In his introductory speech, he gave a brief overview of the department of computer science and assured the new entrants that the computer science department will provide a unique blend of advanced knowledge with the prescribed curriculum.

The chief attraction of the program was the key note address by Mr. R. D. Bhoyar, he told the newly admitted students that there are huge employment opportunities in the computer science subject, for which you should

work hard by setting your focus from now on. He highlighted the opportunities available in the area of hardware, software, web designing, database administrator, etc and the qualification required for it. He also shared the need of having passion and commitment towards one's goal. He enthused the students to dream big and give their best to make learning a habit.

The chairman of the program, Dr. D. L. Bhade, Head Department of Environmental Science, welcomed the new entrants to SDMBSAC campus. He highlighted the fact that by securing a seat in the college the students have taken that initial step towards achieving their goals as SDMBSAC is one of the acclaimed colleges in the university. He motivated the students to give their best to follow in the footsteps of their seniors who have made stellar achievements making SDMBSAC a well known college.

A well planned program were prepared and executed by all the involved faculty members of the department. The students were very enthusiastic and motivated during this program arranged for them. During the program, students appeared to come out of their shyness and asked questions to the speaker and Head of Department.

Total 24 students of first year were attended the program. The program was organized under the guidance of Hon'ble Shri Ramvijayji Burungale, President of the education society and Dr. R. E. Khadsan, Principal of the college. Miss. P. R. Bawaskar anchored the program, Miss. V. V. Sharma introduced the guest/speaker, Miss. S. S. Wakte delivered vote of thanks and Mr. P. B. Kharat handled the technical side. All teaching and non teaching staff of Computer Science department was the members of organizing committee.
